

# IT PROFESSIONAL SERVICES CAPABILITIES STATEMENT

**Distributed Information Technologies, Inc. (DIT)** provides a full range of **IT Professional Services** and specializes in the delivery of information technology solutions in the functional areas of **Enterprise Asset Management (EAM), GIS & Location-Based Business Intelligence (BI), Mobile Computing** and **Enterprise Resource Planning (ERP)**. We strive daily to help our clients improve their operational and programmatic productivity and to provide high quality customer service. Based in Arlington, Virginia, DIT has successfully delivered solutions for the Federal Government (DOD & Civilian Agencies), commercial companies and non-profit organizations.

DIT's **IT Professional Services** group supports COTS, GOTS and custom developed solutions with a focus on **open and integrated systems**. Our staff is experienced in utilizing agile development processes while incorporating industry standards and client-specific guidelines throughout the systems development lifecycle. We have the ability to apply relevant aspects of industry standard best practices such as SEI CMMI, PMBOK, and ITIL. Our employees hold a range of professional and technical certifications including PMP and those from Oracle, Microsoft, Adobe, Business Objects and Sun.
